### How Do You Calculate My Balance?

### Are There Any Other Penalty Fees Associated With This Card That Are Not Listed In The Box Above?

No. There are no additional Penalty Fees associated with this card.

### What Should I Put For Total Annual Income?

You may include personal income, which is income you have earned, including full-time, part-time, or seasonal jobs, self-employment, interest or dividends, retirement, and public assistance. You may also include shared income, which is money from somebody else that is regularly deposited into your individual account or into a joint account that person shares with you. If you are 21 or over, you may also include somebody else's income that is regularly used to pay your expenses.

### What Will My APR Be If I Transfer A Balance?

Any balances you transfer will receive a Transfer APR and post to your account's Special Transfer segment.
How do I redeem my rewards for travel? You have two ways to redeem your miles for travel:

1) Redeem for past travel purchases
Simply book your travel through your preferred travel website, travel agent, or other travel resource using your Capital One Rewards card. Then, sign in to your account at capitalone.com, go to Rewards and select Cover Your Travel Purchases or call our Rewards Center to redeem your miles and receive an account credit for the cost of your travel purchase.

These redemptions must be made within 90 days from the date your travel purchase posts to your account. Your account credit is usually applied to your balance within 2 to 3 business days after the redemption. Redemptions for a portion of a purchase amount (partial redemptions) are available.

2) Book new travel reservations
Go online to travel.capitalone.com to book your flight, car rental or hotel and use your miles to pay for your travel. The number of miles needed for travel redemption varies and is based upon the cost of the travel purchase. Here is how it works:

Simply multiply the cost of your travel purchase by 100. For example, if your travel purchase costs $200, you would multiply that by 100 to determine you need 20,000 miles to redeem.
If your travel transaction includes taxes, surcharges, and fees, these expenses will be included in the overall calculation to determine how many miles are required for redemption. Separately itemized travel transactions on your statement cannot be combined for a single redemption. Please note that Capital One has no control over how merchants itemize and charge related transactions.

**What types of travel purchases are eligible for Cover your Previous Travel Purchases?** Purchases made from airlines, hotels, rail lines, car rental agencies, limousine services, bus lines, cruise lines, taxi cabs, travel agents and time shares are generally considered to be travel purchases and availability for redemption is based on the merchant category code assigned to them by the merchant. Capital One is not responsible for how merchants assign these codes.

**Can I redeem my rewards for something other than travel?** You can also redeem your miles for cash in the form of a check or account credit, gift cards and more. Rates for these other redemption options vary and are subject to change without notice. As an Accountholder, you can enroll in online servicing at capitalone.com to see a complete description of current redemption offers.

**Is my account eligible to transfer rewards?** Your account may be eligible to transfer rewards. You may be able to transfer your rewards between certain Capital One rewards accounts, and to certain select external Travel Loyalty Programs. Not all rewards products are eligible for transfer.
