How Do You Calculate My Balance? We use a method called “average daily balance (including new transactions).” See “How Do You Calculate The Interest Charge?” section below.

What Are My Billing Rights? Information on your rights to dispute transactions and how to exercise those rights is provided in the “Your Billing Rights” section in the enclosed Additional Disclosures.

Are There Any Other Penalty Fees Associated With This Card That Are Not Listed In The Box Above? No. There are no additional Penalty Fees associated with this card.

What Should I Put For Total Annual Income? You may include personal income, which is income you have earned, including full-time, part-time, or seasonal jobs, self-employment, interest or dividends, retirement, and public assistance. You may also include shared income, which is money from somebody else that is regularly deposited into your individual account or into a joint account that person shares with you. If you are 21 or over, you may also include somebody else’s income that is regularly used to pay your expenses.

Can You Change My APRs? While a late payment won’t cause your APR to increase, in the future, we may increase your APRs if market conditions change. If we increase your APRs for any reason other than an increase in the Prime Rate, the new APRs will apply only to new transactions you make after we notify you of the change in writing.

Can You Change My Account Terms? We can change the terms of your account as permitted by law. When required, we will send you notice before doing so.

How Do You Calculate My Variable Rates? Your variable rates may change when the Prime Rate changes. We calculate variable rates by adding a percentage to the Prime Rate published in *The Wall Street Journal* on the 25th day of December, March, June and September. If the *Journal* is not published on that day, then see the immediately preceding edition. Variable rates will be updated quarterly and will take effect on the first day of your Billing Cycle which begins in January, April, July and October: Purchase APR: Prime plus 10.74%, 17.74% or 21.74%; Balance Transfer APR: Prime plus 10.74%, 17.74% or 21.74%; Cash Advance APR: Prime plus 21.74%. Any increase in the Prime Rate may increase your Interest Charges and your Minimum Payment.

What Are The Daily Periodic Rates Used To Calculate My Interest? The daily periodic rate for your Purchase APR is 0.04997%, 0.06915% or 0.08011%, Balance Transfer APR is 0.04997%, 0.06915% or 0.08011%, and Cash Advance APR is 0.08011%. See "How Do You Calculate The Interest Charge?" section in the enclosed Additional Disclosures.

How Do You Calculate My Minimum Payment? If your balance is less than \$29, your minimum payment will be equal to your balance. Otherwise, your minimum payment will be the greater of \$29 or 1% of your "New Balance" (which does not include Credit Plans with special repayment terms), plus billed Interest Charges, late payment fees and any payment required under a promotional Credit Plan with previously disclosed special repayment terms, rounded to the next highest dollar. We will also add any past due amount.

THINGS YOU SHOULD KNOW ABOUT THIS CARD

When Can I Request A Balance Transfer? You may call customer service to inquire whether balance transfers are available. Transfer eligibility is determined by Capital One at our discretion. Transfers between Capital One accounts are not permitted. That means balances cannot be transferred to this account from any other credit card issued by Capital One including, but not limited to cards branded with, Bass Pro Shops CLUB, Cabela's, Kohl's, Union Plus, Walmart, Teamster Privilege and Williams-Sonoma Inc.

How Do You Apply My Payment? We will apply payments up to your minimum payment first to the balance with the lowest APR (including 0% APR), and then to balances with higher APRs. We apply any part of your payment exceeding your minimum payment to the balance with the highest APR, and then to balances with lower APRs.

How Can I Avoid Paying Interest Charges? If you pay your statement's "New Balance" in full by the due date each month, we will not charge interest on any new transactions that post to the standard purchase balance. If you have been paying your account in full without interest charges, but fail to pay your next "New Balance" in full, we will charge interest on the unpaid balance. For cash advances and balance transfers, we will start charging interest on the transaction date. From time to time, we may offer balance transfers or promotional purchase financing that do allow you to pay less than the statement "New Balance" and still avoid interest on any new transactions that post to the standard purchase balance. However, in these cases you must pay in full transactions that are posted to the standard purchase and balance transfer balances and any cash advance balance, plus any minimum payment due appearing on your Statement. We may also display an interest saver payment amount on your statement, if applicable, for your convenience.

How Is The Interest Charge Determined? Interest Charges accrue from the 1) date of the transaction, 2) date the transaction is processed or 3) first day of the billing period. Interest accrues daily on every unpaid amount until it is paid in full. Any interest that has accrued during a billing period will post to your account at the end of the billing period and will appear on your next statement. This means you may owe Interest Charges even if you pay the entire "New Balance" one month, but did not do so the previous month. For example, even if a customer pays their balance in full on a February 26th due date, interest would continue to accrue on the balance from February 2nd (the start of the Billing Cycle) through February 26th, and will appear on their next statement. Once you start accruing Interest Charges, you generally must pay your New Balance in full for two consecutive Billing Cycles before Interest Charges stop being posted to your Statement. Interest Charges are added to the proper Credit Plan of your account. However, we reserve the right to not assess Interest Charges.

How Do You Calculate The Interest Charge? We use a method called Average Daily Balance (including new transactions). Under this method, we first calculate your daily balance; for each Credit Plan, we 1) take the beginning balance and add in new transactions and the periodic interest charge on the previous day's balance, then 2) subtract any payments and credits for that Credit Plan as of that day. The result is the daily balance for each Credit Plan. However, if you paid your previous month's non-promotional purchases balance in full (or if your balance was zero or a credit amount), new transactions which post to your purchase or special purchase Credit Plans are not added to the daily balances. Also, transactions subject to a grace period are not added to the daily balances.

Next, to find your Average Daily Balance we: 1) add the daily balances together for each Credit Plan, and 2) divide the sum by the number of days in the Billing Cycle.

At the end of each Billing Cycle, we determine your Interest Charge as follows: 1) multiply your Average Daily Balance by the daily periodic rate (APR divided by 365) for each Credit Plan and 2) multiply the result by the number of days in the billing period. We add the Interest Charges for all Credit Plans together. The result is your total Interest Charge for the Billing Cycle.

NOTE: Due to rounding or a minimum Interest Charge, this calculation may vary from the Interest Charge actually assessed.

Do I Need To Be An REI Co-op Member To Be Eligible For The REI Co-op Mastercard? Yes, you must have an REI Co-op Membership in your name to be eligible for the REI Co-op Mastercard. We may cancel your REI Co-op Mastercard and participation in the REI Co-op Mastercard Rewards program if you cancel your REI Co-op Membership. You must maintain your REI Co-op Membership to redeem REI Co-op Mastercard Rewards earned with the Card Account.

Are Unauthorized Use Or \$0 Fraud Liability Claims Subject To Investigation And Verification? Yes.

YOUR BILLING RIGHTS: KEEP THIS DOCUMENT FOR FUTURE USE

This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

What To Do If You Find A Mistake On Your Statement: If you think there is an error on your statement, write to us at:

Capital One, P. O. Box 30258, Salt Lake City, UT 84130-0258

In your letter, give us the following information:

- **Account information:** Your name and account number.
- **Dollar amount:** The dollar amount of the suspected error.
- **Description of problem:** If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors **in writing**. You may call us or notify us electronically, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter.

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
2. Within 90 days of our receipt of your letter, we will send you a written notice explaining either that we corrected the error (to appear on your next statement) or the reasons we believe the bill is correct.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question until we send you a notice about the outcome of our investigation, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- **If we made a mistake:** You will not have to pay the amount in question or any interest or other fees related to that amount.
- **If we do not believe there was a mistake:** You will have to pay the amount in question, along with applicable interest and fees.

We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us at Capital One, P.O. Box 30258, Salt Lake City, UT 84130-0258 within **10 days** telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us.

If we do not follow all of the rules above, you do not have to pay the first \$50 of the amount you question even if your bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases.

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

1. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify; and
2. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us **in writing** at:

Capital One, P. O. Box 30258, Salt Lake City, UT 84130-0258

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.
